

BRCIS EARLY WARNING EARLY ACTION DASHBOARD INDICATORS AND THRESHOLDS

INDICATOR CATEGORY		EARLY WARNING EARLY ACTION INDICATORS					PHASED THRESHOLDS		
	Indicator Category	Indicator	Indicator definition	Data Type	Data Source	Threshold	Normal	Alert	Alarm
Shock Occurrence	Climate Shocks	Rainfall + CHIRPS	Perception of rainfall performance	QL	CRC/WE focal point	Comparison with expected normal rainfall at this time of the year (during rainy seasons)	Average-Nomal Rainfall	Poor-Below Average Rainfall	No rainfall
		Flash flood events	Forecasted + observed above normal rainfall which can commonly lead to floods	QL	CRC/WE focal point	Presence or no presence of above normal rainfall leading to floods	Normal -above normal rainfall	Above normal rainfall within 24hrs over 2 consecutive days	Above normal rainfall within 24 hrs over 4 consecutive days
		River levels (drought and floods)	expected normal river levels at this time of the year	QL	CRC/WE focal point	Comparison of expected normal river levels at this time of the year	Normal for this time of the year	Below Normal/Above Normal	River Completely dry/Overflowing/bank full
	Pests and Diseases	AWD/sus Cholera Cases under 5	Magnitude of Acute watery diahorrea/Cholera cases	QN	Referent healthy facility	Number of Confirmed AWD cases	0 Cases	1 case where not previously reported	Double the average number of cases from the previous two weeks
		Locusts Infestations	Presence of locust hoppers/swarms in the community	QN	CRC/EW focal point	Detection of swarms/hoppers in the area	No swarms or hoppers detected	hoppers/swarms detected in community / neighbouring community for less than 2 days	hoppers/swarms detected in community more than 2 days
	Non-Climate	Armed/Clan Conflicts	Presence of conflict events (armed/clan)	QL	CRC/EW focal point	Compound indicator score expressed as % measured based on presence of conflict, intensity (clan/armed), distance to/from community, conflict duration and escalation patterns over time. Annex 2 scoring)	0-33% score	34-66% score	> 67% score
	Population movements	Population Displacements (Number of displaced people)	Number of depatures	QN	CRC/EW focal point	Significant levels of (monthly) departures	No departures	less than 50HH	above 50 HH
Shock impact	Population movements	Population Displacements (Number of Arrived)	Number of arrivals	QN	CRC/EW focal point	Significant levels of (monthly) arrivals	No arrivals	less than 50HH	above 50 HH
	Livelihoods	Primary Water source condition	Observation of the largest rain water catchment in the area at the end of the rainy season	QL	CRC/EW focal point	Observation of the largest rain water catchment in the area at the end of the rainy season	More than half-full (75%) or full	Half-full (50%)	Less than half-full (25%) /empty
		Crop Condition	Crop condition affected by drought/flood/pests	QN	CRC/EW focal point	Crop condition score: ranging from 0 to 4, 0 being poor and 4 being good	Score 3&4	Score 1&2	Score 0
		Pasture Condition	Observation of normal pasture conditions at this time of the year (during and after rainy seasons)	QL	CRC/EW focal point	Comparison normal pasture conditions at this time of the year (during and after rainy seasons)	Normal/Good replenishment	Below normal	No replenishment yet
		Cattle Condition	Observation of cattle/goats/Camel/ body condition in the area	QL	CRC/EW focal point	Body condition score: ranging from 0 to 4, 0 being poor and 4 being good	score 4&3	score 2&1	Score 1
		Camel Condition	Observation of cattle/goats/Camel/ body condition in the area	QL	CRC/EW focal point	Body condition score: ranging from 0 to 4, 0 being poor and 4 being good	score 4&4	score 2&2	Score 0
		Goat_Sheep Condition	Observation of cattle/goats/Camel/ body condition in the area	QL	CRC/EW focal point	Body condition score: ranging from 0 to 4, 0 being poor and 4 being good	score 4&5	score 2&3	Score 1
	Market	Price of water	Local Price (monthly)	QN	CRC/EW focal point	Area level thresholds defined			
		Price of Sorghum	Local Price (monthly)	QN	CRC/EW focal point	Area level thresholds defined			
		Price of maize	Local Price (monthly)	QN	CRC/EW focal point	Area level thresholds defined			
		Price of rice	Local Price (monthly)	QN	CRC/EW focal point	Area level thresholds defined			
		Price of Goat	Local Price (monthly)	QN	CRC/EW focal point	Area level thresholds defined			
		Price of Fuel	Local Price (monthly)	QN	CRC/EW focal point	Area level thresholds defined			
		Labour Prices	Average daily wage	QN	CRC/EW focal point	Area level thresholds defined			
	Coping Strategies	Coping strategies	Coping strategies of vulnerable households	QL	CRC/EW focal point	Area level thresholds defined	0-2 Alert Coping strategies	> 2 Alert coping strategies	1-2 Alarm coping strategies
